Product description:

- This tri-colored foam mat in color - black, white and gray, can be used as a carpet-pad on the floor and as a puzzle for stacking.
- Made of soft foam, pleasant to the touch.
- It can also be used as a pad for other games or naps.
- The toy teaches: perceptiveness, recognizing colors and shapes, building spatial figures, imaginative play.
- Ideas on how to play with puzzles: connect all the pieces with your child and tell what is on them.
- Build spatial figures out of puzzles, such as a cube or a box, and figure out together how to play with them.
- Make a table out of them.

-
- So many possibilities for play, you are only limited by your imagination.
 - Arrange foam pictures together.
 - This game will perfectly develop the ability of logical-spatial thinking.
 - You can also build foam constructions, cubes, towers or pyramids.
 - Puzzles are very soft and pleasant to the touch.
 - Dimensions of a single element: 29 x 29 cm
 - Number of elements: 9
 - age: 10M+
