Product description:

- Space travel Are you ready to experience an amazing adventure?
- Break away from the earth, fly high into the sky, see the stars and the moon up close, stand on Mars, and maybe even meet friends from another planet. There is enough space in the space rocket, so you can invite teddy bears and dolls on board, take your favorite toys with you. So, don't wait any longer, it's time for an expedition you will never forget. Create your own rocket, color it with paints, markers or crayons, draw inside it what you will need during this fantastic adventure. Now you can build a rocket, turn on the engine and fly high!
- Spatial toy-coloring book made of sturdy cardboard covered with white cardboard. Large, precision-cut pieces, easy to assemble without glue or scissors. Pictorial instructions on the back of the package. Moving parts, open spaces, shelves make the toy more attractive.
- The assembled structure is stable, sturdy and lightweight. Professional graphics, clear printing in black. Suitable for coloring with crayons, markers, markers and paints. The cardboard absorbs moisture well, does not crease or leak.
