 - The series of coloring books takes up the topic of parenting in the animal world. Books are divided into coloring books describing forest, farm, wild and aquatic species.
 - The child learns that in the world of animals just like among humans there are parents who take care of their offspring.
 - Finding similarities of seemingly alien environments, a toddler can like and understand the world of creatures living alongside humans.
 - Especially those it did not know before.
 - The coloring books are supplemented with attractive stickers.
