Product description:

Set of three decorative punches for creative works

How to use the punch:

- 1.Set the punch on a dry and flat surface.
- 2.Place a sheet of paper or foam foil in the slot of the punch. There can be only one sheet in the punch slot at a time.
- 3.While holding the sheet of paper or foil with one hand, press firmly on the punch handle with the other hand.

Emptying the container for cut-out items:

- 1.The container is located on the bottom of the punch. It should only be emptied by an adult.
- 2.Place the punch in the position with the base facing up.
- 3.Gently tilt back the plastic cover.
- 4.Remove the cut pieces from the container.

Maintenance of the punch:

- 1.To sharpen the cutting mechanism, use thin aluminum foil to punch.
- 2.To lubricate the cutting mechanism, use wax paper for punching.

The product punches paper up to 180 g/sqm and foam foil up to 2mm thick. Size of cut out motifs 10mm.
