**Product price:**

**zł47.08 tax included**

**Product codes:**

Reference: 35000973-14

EAN13: 5903235000973

UPC: -

**Product features:**

**Product gallery:**

**Product description:**

- They are cuboid in shape with a hexagonal cross-section with an inscribed circle diameter of 12 mm and a length of 100 mm.
- They are used for marking wood in sawmills that use optimizing saws with vision cameras to cut out marked defects - knots, etc.
- The saw control camera uses the principle of light reflection from the mark left by the crayon containing fluorescent pigment in its composition.
- The crayon is not sharpened
- Quantity: 14 pieces
