Product description:

- Watercolors are water-based paints in the form of dry pastilles, which are ready to use after wetting.
- These paints are dedicated to children and adolescents who want to create more artistically advanced works, mainly landscapes and portraits.
- Bambino watercolors allow you to obtain the effects of luminosity, delicacy, blurring of contours, play of light.
- They can be used in techniques combined with poster paints, tempera or various types of crayons.
- Bambino watercolor paints are distinguished by a rich palette of intense colors, quality and safety of use.
- They are produced in accordance with the Directive of the European Parliament and of the Council on the safety of toys and the ordinance of the Ministry of Economy on essential requirements for toys.
- Number of colors - 12
- Special features - large pills.
