Product description:

- Turpentine colorless LIQUID, which is most often used as a solvent.
- It is thanks to its presence that shoe and floor polishes have such an intense and characteristic smell.
- Turpentine dilutes oil paints, varnishes, rubber-based adhesives and sealants.
- Perfectly removes paint from brushes and paint stains from various surfaces.
- It can also be used to wash off varnishes.
- It is often used for artistic work especially painting pictures.
