Product description:

- Varnish is used as a finishing medium for all decoupage works and with acrylic paints or tempera, in order to finish and protect the surface
- When mixed with acrylic paints, it adds transparency to them, and the color becomes fuller and deeper
- After mixing with paints, tempera fixes their structure, making them waterproof
- Quick and easy to use, resistant to light and weather

conditions after drying

- Milky when applied, transparent when dry
- Not suitable for children under 3 years old
- 75 ml
