Product description:

- Fineliner with a thin tip, reinforced with a metal casing.
- DRY SAFE formula ink: it can stay open for several days and will not dry out (Test ISO 554).
- Water-based ink.

-
- Ergonomic housing with a triangular cross-section provides exceptional typing comfort.
 - The PP casing guarantees high resistance to destruction.
 - Can be used while flying - automatic pressure equalization prevents the pens from spilling ink during the flight.
 - Washable from most textiles.
 - Cap with a clip.
 - Line thickness approx. 0.3 mm.
