Product description:

Decorative scissors for cutting out fancy patterns

- The blades are protected by a plastic case that holds the two other blade sets.
- The blades and scissors handle are made of strong, durable plastic.
- Most often used in artistic and decorative works.
- In a simple and quick way, they allow you to quickly cut out attractive patterns, thanks to which you can make unusual cards, tickets, etc.
- The cut-out patterns can be used, for example, to decorate invitations, albums, cards, diplomas, laurels.
- They are perfect for: scrapbooking, cutting decorative edges in paper, blotting paper or thin cardboard.
- A perfect tool that allows you to easily and quickly give the edges of paper

elements a unique decoration.

- Scissors length: 16.5 cm.
- 3 pairs of interchangeable blades included - 9 different cutting patterns.
