Product description:

Decorative scissors for cutting out fancy patterns

- Most often used in artistic and decorative works.
- They allow you to cut out attractive patterns in a simple and quick way, thanks to which you can make unusual cards, tickets, passes, invitations, albums, diplomas, etc.
- They are perfect for scrapbooking, cutting decorative edges in paper, blotting paper or thin cardboard.
- The blades are made of stainless steel and the handle of the scissors is made of strong, durable plastic in various colors, characteristic for a given cutting pattern.

-
- Scissors length: 16.5 cm
