 - The book is an excellent teaching aid for preschool and early school education teachers, but it is also perfect for independent play.
 - Chestnut folk, preserves for the winter, a family trip to the forest to pick mushrooms? Each season is beautiful, each different, but only in autumn can be so colorful! 32 pages of drawings on the subject of nature and active recreation are not only an exercise for a small artist, but also a great incentive to play outdoors!
 - There is a tag under each drawing, an additional task that helps to consolidate the basic shapes.
