  - The book is an excellent teaching aid for preschool and early school education teachers, but it is also perfect for independent play.
  - From asters, begonias and pansies to orchids, tulips and daffodils - we give your child a booklet with 32 alphabetical drawings of flowers, thanks to which your toddler will learn their names, learn to recognize them and strengthen the knowledge of the letters!
  - Coloring flowers is not only a training in drawing skills, but also an opportunity to sensitize a little artist to the beauty of nature. There is a tag under each drawing, an additional task to help consolidate the basic shapes.
