**Product description:**

- 
- Number of pages: 32
  - Format: A4
  - The book is an excellent teaching aid for preschool and early school education teachers, but it is also perfect for independent play.
  - Your child understands, names and tames the immediate environment better and better. He also slowly discovers that reality also exists beyond his sight, so he begins to ask questions about mysterious, distant worlds. With our booklet, we will invite them on a colorful journey through the fascinating space.
  - Rockets, optical telescope, lunar vehicles - we're taking off into the skies; there are no borders, you can meet Martians, aliens and the dog Laika, stop at a space station and experience weightlessness.
  - The book contains 32 pictures, by coloring them, your child will spend time creatively and efficiently, even learn the names of the planets of the solar system!
