 - The book is an excellent teaching aid for preschool and early school education teachers, but it is also perfect for independent play.
 - Drawings of a fox, a hedgehog, a gopher and many, many other forest dwellers on 32 pages! The child will happily fill portraits of friendly animals with colors and learn their names.
 - The book will not only allow the little artist to spend his time creatively, but also sensitize him to the beauty of nature. Under each drawing, there is an additional tag, a task that helps to preserve the basic shapes.
