Product description:

- Number of pages: 32
- Format: A4
- The book is an excellent teaching aid for preschool and early school education teachers, but it is also perfect for independent play.
- Drawing lines is a proven way to develop the motor skills of a child's hand and prepare them for the art of writing. The toddler learns to hold the pencil correctly, but also exercises patience and accuracy.
- Our Happy Patterns are varied, from the easiest to the slightly more difficult ones, thanks to which you can universally adjust them to the age of the child. These are 32 pages of proposals that can also be used during the first lessons at school.
