## Product description:

- A set of strongly attractive neodymium magnets with a contoured shape that facilitates gripping and ensures comfortable use.
- Plastic, transparent housing in the shape of a pawn.
- Very strong, despite their small size, they generate a strong magnetic field, thanks to which they are very durable.
- Hold up to 9 A4 ( 80 g/m2 ) sheets of paper
- Perfect for magnetic boards, for the fridge, for the office and school, advertising agencies.
- Thanks to the increased power of attraction, neodymium magnets are also ideal for glass boards.

- 
- Magnet diameter 5 mm
  - Diameter of the case 10 mm
  - Mix of colors.
  - Packed in a transparent, practical plastic box of 20 pcs.
