How to draw a cosmos?

How do you imagine the unknown cosmic world? Do you see him through the eyes of your imagination? Now you can draw it too! You will start with space rockets and then learn how to draw a cosmonaut. But it doesn't stop there!

In this booklet, you will find plenty of other tips and tricks on how to create a truly cosmic drawing. You won't even look back and you will draw quite a bit of space! It's so simple...

Cosmic drawings don't have to be difficult. The book "We Draw the Cosmos" will help

---

you discover the artist's soul. There you will find tips on how to draw an outer space step by step. There is also a place for your drawings. Who will you draw your first cosmic picture with?
