Product description:

- Educational game Weight from MEGA CREATIVE, which through fun will make your child's time more pleasant while teaching him counting, weighing.
- It entertains and teaches! Developing child's body coordination and ability to act, dexterity, coordination of hands and eyes develops manual skills, thinking, learning to count.
- This wonderful toy will work even for the youngest children.
- Play together! This is a fantastic time spent together with your little one.
- Vivid colors and the main character Robot are an incentive to play and learn.
- Rules of the game: draw one of the plates and then see what equation you have to solve.

-
- With the help of numbers and small robots that are included in the set try to calculate the unknown.
 - This is the ticket to the next game! On one pan we put such a number of robots as the score indicates, and on the other pan we put a number, i.e. the score. This is the only way to balance the scale.
 - Contents of the set: Robot pan balance, 3x equation template, 10x numbers, 10x small Robots.
 - Designed for children aged: 3+
 - No battery power required.
 - Package dimensions: 20x20x5 cm
 - Product dimensions: 10x19 cm
 - Packaged in a cardboard box.
