Product description:

- A4 size photocopy paper for any laser and inkjet printer
- Weight: **80 g/m2**

-
- Format: **A4 - (210 mm x 297 mm)**

If you are a person who often works with paper, then **POLSpeed** is just for you. This is a line of POL papers designed to provide fast and jam-free printing. It's great for printing multiple texts at once, such as serial correspondence.

POLSpeed paper, like the brand's other papers, **is produced in Poland** and meets international standards to ensure the highest quality paper and protect the environment.

Despite its mass use, such as as xerox paper, it is an environmentally friendly product.

Thanks to its adherence to appropriate standards, it meets **ISO 9706** standards, making it also suitable for the production of archival documentation stored in perpetuity.

- **ColorLok technology** ensures sharper and more saturated prints and faster drying of the ink.
- **FSC® certification** means the product is made from wood from forests that meet the Principles for Responsible Forest Management, developed by the international organization Forest Stewardship Council.
- **PEFC certification** means that the raw material comes from sustainably managed forests.
- **EcoLabel** is an environmental symbol awarded to the most environmentally friendly products.
